

Jasmine Maduafokwa

Web Developer

-  5005 Hidalgo Street #411, Houston, TX
-  +1 (832) 970 1998
-  jmaduafokwa@hotmail.com
-  <https://github.com/jmaduafo>

A fast learner and driven web developer specializing in frontend and backend development as well as web and app design. Attending coding bootcamp and gaining fundamental skills in UI design along the way in order to optimize user experience while continuously building problem-solving and critical thinking skills. Currently seeking for work as a full stack developer/frontend developer and use free time to work on freelance web projects.
